

**REMARKS**

**Status of the claims**

Claims 7-12 and 14-22 are pending in the application. Claims 1-6 and 13 were previously cancelled. Claims 15, 18 and 19 are amended herein to correct typographical errors. The amendments to claims 15, 18 and 19 in no way raise new issues for consideration. As such, entry thereof is respectfully requested.

**Objections to the claims**

Claims 15, 18 and 19 have been objected to for the informality of lacking a subscript for certain substituents. The substituent designators have been corrected to be in consistent subscripted format. Withdrawal of the objection is respectfully requested.

**Obviousness-type double patenting rejection**

Claims 15-22 have been rejected under nonstatutory obviousness-type double patenting as being obvious over claims 1-3 of Application No. 10/669,414. Submitted concurrently herewith is a terminal disclaimer filed in view of the '414 application. Withdrawal of the rejection is therefore respectfully requested.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
